Canberra ACT 2600

11 November 2023

Prime Minister the Hon Anthony Albanese  
Parliament House  
Canberra, ACT 2600

Dear Prime Minister,

First let me say that I was so relieved when Australians elected a new Government in 2022 led by you. I know you have a good heart and care for the Australian people. The Morrison Government was toxic for Australia.

As an Australian of shared Aboriginal and European descent I am so grateful and proud of you for pursuing the Voice. You probably knew it wouldn't get up. And that pursuing it would be a political liability. But you did the right thing. I saw you with tears in your eyes sitting next to Renee Kultija at Uluru. She is my friend. Thank you for that.

Prime Minister, I don't want to shame you because that's not what we do as Aboriginal people. We show respect. But you will have seen that I am making a lot of attention on a #ClimateHungerStrike outside Parliament House for climate action. I won't go into the details because I am trying to save energy and you can find them all on my website. But PM Albo, please please please, Australians need more from you. I won't stop until you show the same bravery and leadership that you did on the Voice. Please, it's no use staying in power and avoiding the Liberals getting in if we still have weak climate policy. The climate will still collapse. The world has moved from climate change as a future emergency to climate collapse. It's time for you to be decisive. For our national security, our economic security, our human security and our environmental security.

I look forward to hearing from you PM Albo. I know you love your mum. I love my mum too. She's 83 and is behind me 110% on this. Like you, I grew up doing it tough. I remember living in a caravan and sleeping on mattresses on the floor. But my mum, like yours was a brave, strong and caring single mum to me.

On Monday when you come back to Parliament House I will be waiting for you in my swag on the lawns out front.

Respectfully, Gregory

Sincerely,

Gregory Andrews
